# EDITOR'S NOTE

## DBZ Fun Facts and More!

Have you ever wondered what the words Kame House written on the side of Master Roshi's home meant? Or, do you know why it's hard to say "Goodnight" on Planet Namek? These interesting questions and many more have been answered in one of this month's features entitled, "Just The Facts." This article will give you 50 little-known facts about Dragon Ball Z. Hey! You could impress your friends with these interesting tidbits on DBZ. After reading pages 10 to 14 you'll know more about DBZ than most fans.

Speaking of interesting facts, the Irwin Toy Company has been producing quality Dragon Ball Z action figures for the past four years. Beginning on page 24, DBZ action figure expert Dan Hancock, has put together a summary of Irwin's Dragon Ball figure releases from their very first year to the present. This feature will guide you through the

Irwin years and into today's hottest new action figure releases from IF Labs. Plus, you'll read about what new figures are scheduled to debut later this year. This is an important article for all DBZ toy collectors.

Last month's issue featured a pictorial checklist of Cell Saga cards 1 through 100 from Score's newest release. This month we'll show you the rest of the set from cards 101 to 200. This half of the set includes all of the Rares, Ultra Rares, Personality cards and those super shiny High Tech cards. You can check out all of these cool cards beginning on page 41.

Would you like to own an original piece of Dragon Ball Z art created by Beckett DBZ cover artist? Yep! That's correct! We're giving away the hottest-looking Super Saiyan Trunks skateboard hand painted by Jeff Amano. Flip to page 9 for all the details. Then on pages 22 and 23 FUNimation is giving away a complete set of Series 1 Dragon Ball Z IF Labs action figures autographed by the DBZ voice actors. This is an exclusive contest you'll find nowhere else! And, there's even more fun packed inside this issue!

# \$preading the Wealth

By Ron Evry

The popularity of Dragon Ball merchandise has made itself apparent in hundreds of web sites across the globe offering all sorts of goodies to purchase. Now the folks at Funimation have thrown a new wrinkle into buying and selling DBZ stuff over the web.

## The Z Store

Funimation has opened an online shop called Zstore at <http://zstore.com>, and the selection of genuine authorized merchandise is simply phenomenal. The intrepid web shopper will discover a delightful assortment of Dragon Ball videos and DVDs, books, calendars, audio soundtrack CDs, jerseys, t-shirts, toys, skateboards, stickers, clocks, drapes, bedding, and who-knows-what-else!

What makes the Zstore.com so interesting, beyond the wide collection of mer-

chandise, is the fact that they have set up an affiliate program, much like the sort of thing that built Amazon.com into the merchandising giant that it is. The way it works is simple. You sign up for their program (this part has to be done by an adult with a credit card), and if anybody you send to Zstore.com from your web site buys anything, you get a small percentage as a commission! Now many people are already selling merchandise over their web sites directly, but to do this often involves buying the merchandise to resell, making complex business arrangements with credit card companies, packaging products, and dragging them down to the post office. When someone clicks on a link to Zstore.com from your web page, you just have to sit there and collect the money when they buy something!

I have often written about amateur DBZ web sites that have pulled in millions of visitors. Now you can send some of those visitors at your web page to a site that offers stuff they want to get.

## Kyle Hebert's Site

I actually discovered Zstore by clicking on a link from a must-visit page on the web: Kyle Hebert's Official Site (and House of Bean Dip) at <http://kylehebert.com>. If the name Kyle Hebert is nagging in your head, that's because he's heard almost every day on Dragon Ball Z, as the voice of the narrator, as well as the voices of teenage Gohan, Pikkon, Pirozghi, Ox King, and (his favorite) West Kai. His web site is absolutely terrific! While a creative

Webmaster named Steve Baptista maintains the pages, Kyle participates in the site's activities on a daily basis. He reads the email, visits the chat rooms and message boards (along with occasional guest stars), and posts announcements for contests and public appearances. He welcomes fan art submissions and puts lots of them on his site. Once in a while, Kyle sends out signed sketches to fans. It is obvious that Kyle Hebert loves what he's doing, and his pages ought to be visited by every DBZ fan on a regular basis. Of course, he simply can't answer every single email that he gets, or he'd be doing nothing but answering email twenty-four hours a day! But he does mention in his F.A.Q. (Frequently Asked Questions) page that he reads them all.

## Cool Fan Sites

I also have been getting more email than I ever dreamed of from readers who want to share their own or their favorite DBZ web sites. If you've written to me, please be assured that I check out each URL that is sent along (sooner or later). Some of them are quite remarkable. Here are a few sites that I'd like to share this time around:

### Ultra Rare

(<http://www.ultra-rare.ojb.net>)

The site's creator says that here you'll find "everything you need to know about the DBZ CCG." This may be true! There is highly detailed information about the Dragon Ball Z

collectible card games, thorough checklists, fighting styles, and much more. My favorite feature is the "card of the week," which describes one individual card in detail. This feature alone should put the page on your appointment calendar every seven days.

### TD's DBZ Web Site

(<http://www.geocities.com/thongmd>)

TD has a sharp, well-designed web site with a fine collection of animated gifs, some music, and cleverly written summaries of all the Dragon Ball movies. There's some nice stuff here.

### Dragon Ball Menace

(<http://www.dbmxl.com>)

New Zealand webmasters Teng and Welli have set up one of the best looking amateur web sites I've seen lately. There's the usual collection of clips, artwork, and information lists, and an authoritative set of game guides. The announcement section threw me off a bit when I read about their going on "summer vacation" for Christmas, until I found out what country they were from (New Zealand, being in the Southern Hemisphere of the Earth, has summer while we're having winter, and vice-versa).

I still want readers to send me their favorite web sites, but I have a new email address now: [revry@panix.com](mailto:revry@panix.com). Please send your messages to me there, and don't forget to write "DBZ Readers Picks" in the subject line! ★

# 50 Just The Facts

## LITTLE-KNOWN FACTS ABOUT DRAGON BALL Z

**S**o you're a Dragon Ball Z fan. You know the difference between Goku and Gohan, you can't sleep without your favorite orange jammies, and your barber can't bring enough blonde hair dye in stock. That's great, but how much do you really know about Akira Toriyama's epic creation?

No need to worry—after reading this article you'll really be able to impress your friends with your DBZ knowledge. From comics to cartoons to characters, we've come up with 50 of the coolest little-known facts about everyone's favorite Saiyan. Just pray your friends don't read it first...

### NO SON OF MINE

Goku's full name is actually Son Goku. Typical Asian names are the reverse of American ones, with the last name given first. So "Son" is Goku's last name, the same with his two...er...sons: Son Gohan and Son Goten.

### PARTY ON - NOT!

Forget dinner and a movie for Goku's "pal" Piccolo. Seems the entire Namekian species are neither girls nor boys. And you thought the daring scene was rough for us humans!

### NO JOKE

In order to be trained by King Kai, you must pass his first test: make him laugh at a joke.

### THAT'S GRAND

Goku's grandfather (just like his son) is called Gohan. He was an old man who found and raised the young Saiyan warrior.

### ROAD TRIP

Want to send Goku a birthday card or head over for dinner? Just swing by his pad at 439 East Biberico. That's his home address according to the animated series and manga.

### SUPER SIZE

The dragon balls on Planet Namek are much larger than the ones on Earth. Namek's wish-granting dragon is a lot bigger than Earth's too!

### GRAVITY WORKS

While training in his capsule, Vegeta simulated gravity at 300 times Earth's. When the capsule exploded, Vegeta was injured, but as soon as it was repaired, he jumped back in and continued training up to 450Gs!

## CRASH COURSE

They may be two of the strongest beings on Earth, but even Goku and Piccolo ~~over at Chi Chi's~~. When Goku's wife ordered them to get their drivers licenses, the two warriors got some crazy lessons, but unfortunately failed the test.

## HERO ZERO

Wanting to protect his identity, ~~because~~ Gohan became the superhero Great Saiyaman. ~~Yep, he combated evil while~~ wearing a super-lame costume and spouting corny heroic lines.

## MONKEY MANIA

The entire Dragon Ball series is loosely based on a great Chinese work called "Legend of the Monkey King."

## EDUCATED MAN

~~In a teenager,~~ Gohan started attending Orange Star High School on a daily basis.

## CARROT TOP

Curious why Raditz and Vegeta referred to Goku as Kakarot? That's because it's Goku's birth name on the Planet Vegeta.

## HAIR TODAY, GONE TOMORROW

Nope, your eyes aren't playing tricks on you. When Goku's little bald buddy Krillin stopped fighting and settled down, he actually grow some really long hair.

## FIGHTING FOR LOVE

As kids, Goku promised Chi Chi he'd marry her one day. ~~It's~~ no surprise then that she got angry years later when Goku didn't even recognize her! So she entered the Martial Arts Tournament, fought Goku (and lost) and married him on the same day!

## HEAVY DUTY

On Kaiō-sama's small home planet, Goku had a tough time training since the ~~gravity was roughly 10x~~ Earth's.

## END GAME

After an extremely grueling match ~~for~~ the Other World Tournament Finals, Gokū finally beat Pikkon... except, according to Article 3, Section 9, Paragraph 1351 of the official rulebook, they were both disqualified for touching the arena's ceiling.

## SMALL WONDERS

Despite being some of the youngest (and shortest!) entrants in the Junior Division of the World Martial Arts tournament, Goten and Trunks both made it to the finals, with Trunks sneaking out a victory.

## IT'S ABOUT TIME

Out of time? Just jump in Mr. Popo's hyperbolic time chamber. It lets you spend an entire year inside, while only one single day passes in real time.

## PEACEFUL LIVING

While the Trunks who came back from the future was possibly the most powerful fighter ever, the young Trunks in our timeline never reached his full potential because he grew up in a time of peace.

## MY WIFE THE ROBOT

Goku's best friend Krillin, a Buddhist monk by choice, eventually married android number 18! They even had a daughter named Maron.

## TURTLE POWER

Ever wonder what the words "Kame House" on the side of Master Roshi's home mean? Well, Kame is Japanese for turtle! Which makes sense, since Master Roshi's known as the Turtle Master.

## BRAINS AND BRAWN

Apparently, Gohan's not all muscles. On his entry exams to high school, he achieved perfect scores on the English, Math and Chemistry tests.

## TO ARMS

Just like a lizard, Piccolo has the ability to regenerate his body parts, like the time his arm was sliced off in a battle with Raditz.

## SOME BABYSITTER

While a dead Goku was training in the underworld, his young son Gohan was trained by the evil Piccolo for almost a full year to prepare for the coming of the Saiyans.

## CLEAN UP

Not to take anything away from the killer slugfests on the American "Dragon Ball Z" toons, but the original Japanese versions were *much* more violent. When the original episodes were dubbed over, they were digitally "touched up" for American audiences.

## WEIGHT TRAINING

Number 11 DBZ characters (including Goku and Piccolo) wear weighted clothing to help train. When they need an extra burst of speed, they just remove the heavy clothes.

## SAY WHAT?

In the Namekian language, "Piccolo" means "Different World." It was the power word used by Bulma and Mr. Popo to open and close Kami-sama's spaceship.

## THE BIG PICTURE

Originally, Dragon Ball Z was part of the huge Dragon Ball saga serialized in the Japanese magazine Shonen Jump.

## DAY BY DAY

It's tough to say, "Goodnight" on Planet Namek. That's because it has three suns in the sky, constantly rotating, so it's always like one endless day.

## BAD MOON RISING

As a young boy, Goku saw a full moon, transformed into a giant ape and accidentally killed his grandfather. Goku didn't even realize he was that ape until many years later.

## HUNGER STRIKE

Like all Namekians, Piccolo never eats.

He doesn't need to. He just drinks water. No wonder these guys are so thin!

### NAME GAME

While a few characters saw slight name changes between the manga and the American anime (Kuririn became Krillin), the biggest change was to the World's Strongest Man. Hercule was originally known as Mr. Satan in the manga.

### GOKU'S A... GIRL??

On the original Japanese anime, a woman named Masako Nogami did the voices of the 3Gs: Goku, Gohan and Goten.

### LONG COMMUTE

Intent on finishing his studies, Gohan commuted to school some 500 miles a day by cloud. Now that's some school bus!

### BIRD BRAINS

Similar to birds, Namekians give birth to eggs. Unlike birds, however, they hatch these eggs out of their mouths!

### HOPPING MAD

Captain Ginyu, the leader of the evil Ginyu Force, has a "metamorphosis" attack that lets him swap bodies with anyone. Once while trying to switch into Vegeta's powerful body, Goku threw a frog in the way, turning the Captain into a leaping amphibian!

### BEAN TOWN

You may hate string beans, but don't ever turn down a Senzu Bean. These little guys are tough to grow, but when eaten, they can fully restore a character's health.

### CELL OUT

One of the most vicious villains the Z Team ever faced, Cell contains actual cells from all the greatest fighters including Goku, Frieza, Vegeta, Gohan and more.

### EAT YOUR VEGGIES

A number of characters in Dragon Ball Z are named after vegetables. Raditz is a play on the word radish, Kakarot on carrot, Nappa on the Japanese word for Chinese cabbage, and Vegeta on the word vegetable.

### ROAD TRIP

Even in a super-fast Namekian spaceship, it still takes one full month to travel from Earth to Planet Namek!

### FIGHTING CHANCE

Cell is definitely not your typical bad guy. Rather than just destroying the whole Z crew, he hosted a World Tournament called "The Cell Game" with the Earth at stake. Even though he got his butt kicked, Hercule was believed to be the winner and savior of Earth.

### STAR POWER

Martial arts master and mega movie star Jackie Chan is a big Dragon Ball fan!

### MOON NOT OVER MIAMI

Realizing how powerful Saiyans with tails get when they observe a full moon, Piccolo destroyed the white sphere while training young Gohan.

### ALL IN THE FAMILY

Chi-Chi's father, the Ox King, used to train with Goku's grandfather Gohan.

## SPLIT PERSONALITY

When Kami-sama became the Watcher of Earth, he had to expel the small evil inside him. That evil split off and became Piccolo Daimaou, Piccolo's father.

## SNAILS TALES

The Japanese word for "slug" is Namekkuji, which is why the Namekians have ~~mail-like antennae~~ ~~on~~ their heads.

## BUSTED

A scholar, not a fighter, Gohan reluctantly ~~joined the World Tournament only after~~ Videl blackmailed him, saying she'd reveal his Great Saiyaman identity.

## MONKEY BUSINESS

~~Full-blooded Saiyans aren't the~~ only monkeys in Dragon Ball Z. Lord of Worlds King Kai has a pet monkey named Bubbles.

## ONLY HUMAN

Even though he hangs with Goku and company, Krillin is human. One of the most powerful humans on Earth that is!

## GAME BOY

Dragon Ball Z creator Akira Toriyama has ~~done design work for the~~ ~~video game~~ Chrono Trigger, Tobal No. 1, and Dragon Warrior.

## FAMILY FEUD

Gohan eventually married the tough-as-nails Videl, which is interesting,

because both their fathers (Goku and Hercule) were the two previous World ~~Tournament~~ ~~champions~~.

## WHICH WISH?

You're better off finding the dragon balls on Planet Namek. That's because the dragon will grant you three wishes! Earth's dragon originally granted 1 wish before being ~~upgraded to grant 10~~.

## BUST A MOVE

To get into the World Tournament to face reigning Champion Hercule, ~~dozens of fighters had to~~ punch a "strength machine" to score high enough to qualify. Not wanting to alert the world ~~of their powers~~, the ~~7~~ team held back their strength. ~~Except Vegeta~~ who broke the machine with one tap.

## LIGHT TRAFFIC

Not only do DBZ's cars literally fly through the streets, but the traffic lights only ~~have two colors (red and a greenish blue)~~.

## ROUND ROBIN

Talk about small circles. Bulma, who started Goku on the original Dragon Ball quest, eventually married his enemy Vegeta and had a son Trunks. Then ~~Trunks came back from the future to save Goku from heart failure so he could stop evil androids from killing everyone.~~ Got it? Good. ♪

# THE IRWIN TOY CHRONICLES

## RAISING THE BAR FOR DRAGON BALL ACTION FIGURES

Dragon Ball Z Action Figures  
The Irwin Toy Company

In order to break into the market while giving themselves time to research and develop their own action figures, Irwin licensed the molds from Bandai's Super Battle Collection and AB's Super Warriors Articulé line, and released these figures from the summer of 1998 to 2000. This pleased many collectors, as they were at last able to purchase these Japanese and European figures at low costs, but everyone was thirsting for more.

Dragon Ball Z Action Figures  
The Irwin Toy Company

Finally, in the summer of 2000, Irwin released the first series of their own, brand new 5" figures, and blew away Dragon Ball Z collectors worldwide. These new action figures truly lived up to the "action" aspect of their names, as they were the first small-scale Dragon Ball Z action figures anywhere to be built with a reasonable amount of articulation. For the first time, the figures had knee joints, and had ball-jointed arms that could move much more than the standard swivel joint used in Bandai and AB figures.

Furthermore, the first three waves of Irwin's new

figures consisted primarily of characters that had never been made

before, including one-time characters such as Nappa, Raditz, and members of the Ginyu Force as well as regular characters such as Bulma, Chiotsu, and Krillin (in his orange Gi). And since series 4 and 5 were released, some of the main characters got new figure treatments that were much closer to the characters in appearance than any previously made toy.

The first three waves came blister-carded in two versions: a standard edition with a colorful Dragon Ball Z logo and an image of Goku, and a special edition with a stylized silver version of the logo and an image of Super Saiyan Goku. Series 4 and up also feature this variation between the standard and special editions, but have a red border on the packaging.

Each regular Saiyan figure came with a rubber "shell" which you could put on the figure to transform it into Super Saiyan, complete with the articulation of the original figure. The four-inch figures had slightly less detail than their five-inch counterparts, and the Super Saiyan shells featured larger heads with bulkier bodies. However, since these figures are targeted towards a younger audience, the high playability factor is key.

The latest series of 5" figures include a second set of Energy Blasting figures, and this time with light and sound features rather than a blasting action. These figures have buttons on their backs that activate a power-up sound and a light-up energy ball.

Irwin has also released a series of vehicles for the Z figures—the Skybike, the Jet Momonga, and Trunks' Time Capsule.

Each vehicle perfectly captures the distinctive Toriyama-look, and they're great additions to any collection. Additionally, an exclusive card from Shue's DBZ CCG is packaged with each vehicle.

Irwin is also trying their hand at larger-scale figures. They have released a series of 12" figures (to scale with G.I. Joe, Max Steel, etc.) with ultra-poseability and cloth outfits. Also, in an effort to cater to older collectors, they've come up with a 9" Collectors' Edition series, which features Goku, Vegeta, and

to distinguish them from the other lines.

Fan response to these new figures has been overwhelmingly positive. With each new series, the quality of these figures, in both sculpt and painting, continues to improve.

In late 2000, Irwin released its first series of exclusive figures, each of which had an extra, special feature. This set of 5" extremely high-gloss figures featured a "blasting action", in that each figure had a spring loaded "energy ball" that it could launch a few inches.

In the summer of 2001, Irwin began to release a large variety of imaginative-driven figures. First came the Striking Z Fighters, which had fighting-movement features (such as Piccolo's "double punch" action, or Vegeta's "flipping" action). These figures were well received by collectors.

Next came the Secret Saiyan Warriors. The concept behind these figures was an interesting one—

Sluggish with Super Saiyan Goku

Gobai in all of their battle-damaged, bloody and beaten glory. These three figures paved the way for a new business venture: IF Labs.

IF Labs

As time passes, the Dragon Ball Z movement in America is showing no signs of slowing down—in fact, it's only getting bigger. This is reflected across Irwin's toy line in that with each series, both sculpting and paint detail are skyrocketing in quality.

IF Labs Collector's Edition Lord Slug

The popularity of the figures is so high that a new company was formed, a joining of Irwin and FUNimation—IF Labs. IF Labs considers it their mission to produce high-grade figures for the collector's market. These figures will reach new heights in detail, and are intended for an older audience than Irwin's regular figures. At this

point, two Dragon Ball lines are planned.

The first line is a 9" Movie Collection series, which will feature characters exclusively from the Dragon Ball Z feature films—including Lord Slug, Cooler, Garlic Jr. (in his Green Giant form) and specially outfitted versions of the main DBZ characters. The first wave of these figures should now be available in specialty stores.

The second line is a 5" series based on Dragon Ball, and will include characters such as Emperor Pilaf, Master Roshi, Goku and Bulma. Each figure will come either with a second, smaller figure (such

IF Labs Lord Slug

as Shao with Pilaf, or an elaborate base and/or accessories. Look for these figures to be released in March.

In addition to the new Dragon Ball lines, IF Labs is also developing a line based on their upcoming anime, Ya Ya Hakusho, and has secured the rights to create toys based on the Blue Gender series.

Each of these new sets is raising the bar for Dragon Ball toys—innovations made in the IF Labs lines are already seen to be carrying over to Irwin's regular DBZ figures. As time goes by, the quality standards of both companies will continue to rise, creating some of the best Dragon Ball action figures the world has ever seen. Here's to the future! ★

# The Good, The Bad & the

What would Dragon Ball Z be without its line-up of intense characters? The series' backbone lies within each character's individual personas, not to mention their personal strengths and weaknesses. Each character has a distinct personality, and after watching the show for a while, you'll come to know the character, as you would a close friend... or perhaps an enemy. Which is why, in this section, we will tell you a little bit about each character so you can get to know them even better than you already do.

## Supreme Kai (East Kakuoshin)

At first, this mysterious purple-skinned white-mohawked character appears as a villain. With his cocky smile and his politeness, it is not quite clear whether he is friend or foe. First appearing at the 28th World Martial Arts Tournament, he is followed closely by a hulking red man that certainly doesn't seem to make a good case for he and his master to be on the side of good. In fact, they appear almost like Vegeta and Nappa did so long ago; a large buff warrior, who bows to the will of a smaller seemingly weaker character. Luckily, Akira Toriyama is not one to repeat himself so blatantly!

When all is revealed, it turns out that this mysterious "man" is the holiest and highest god left in the universe! Millions of years ago, his fellow gods, (North, West, South and Grand Supreme Kai's), were killed or absorbed by Majin Buu. Kai is no normal fighter, in fact, Hercule wouldn't last two seconds against him in a fight. So what exactly was his motive for attending the Tournament? Majin Buu! Babidi's men were also at the Tournament in order to steal energy to use for awakening Majin Buu. Kai's plan was to let the men steal some energy, then follow them back to Babidi's hidden base. But what fun would competing in a World Martial Tournament be if you didn't fight anyone? One of the first matches to take place in the finals is Piccolo vs. Supreme Kai, (known only as "Shin" at the time). During this fight, Piccolo is incredibly overwhelmed by "Shin" and forfeits the match. "Note to all Piccolo fans" (Piccolo has never been known to back down from a fight without even trying. The real reason he forfeits is most likely related to Kami being one with him. Kami can feel the energy of a god and will not attempt to injure it, preventing Piccolo from making a fist). At around this time everyone thinks that "Shin" is an incredible force to be dealt with. Well, everyone was wrong.

Supreme Kai is a fly compared to the likes of Goku, Vegeta and even Gohan. Being a god may tend to make one a bit cocky, and he never believed humans, (or what he assumed were humans), could rival his strength. His weakness is revealed in several laughable scenes where he becomes frozen in terror by seeing Babidi's, "Incredibly powerful warriors!", while Goku, Vegeta and Gohan take them out like last week's trash. But Supreme Kai was right about one thing, Majin Buu is the most powerful and terrible artificially created force to be dealt with in the universe.

After returning to Planet Kai, and releasing Elder Kai from the Dragon Sword, as a last ditch effort to defeat Buu, Elder Kai suggests the Potara Earrings. These magical earrings when worn on the opposite ears of two individuals will fuse them automatically into a new and powerful warrior. Excited about the prospect of this new technique, Supreme Kai and his servant Kibito, (the big red guy), are on the Potara and become Kaibito!

## UNEARTHING THE DATA OF DRAGON BALL Z CHARACTERS

### Tien/Tenshinhan

Tien, (whose full name is Tenshinhan), is a student of Tsuruocennin, the Crane Elder. During their final battle in the 22nd Tenkaichi Budoukai, they are equal and opposite. Their power levels are exactly even at 190, yet Tien sees Goku as his bitter enemy. This rivalry goes back, way back, when Master Roshi and the Crane Elder were young. They trained together under the same master, but became bitter enemies. This bitterness was filtered into Tien and his friend Chiaotzu, also a student of Tsuruocennin. Although Tien and Goku meet for the first time at the Tournament in the manga, in the anime Goku actually has several run-ins with Tien and Chiaotzu who are going from town to town as con men and taking money from poor villages in exchange for the "help" in dealing with a magical boar beast.

As mentioned earlier, Goku and Tien's strength were exactly the same during the battle, forcing them to resort to alternate techniques in order to overcome one another. It turns out that the Tsuruocennin developed a similar energy wave attack to the Kame Hame Ha called Dodonpa. But by far the most impressive move put on display in the bout is the ability of Tsuruocennin's students to actually fly. This is the first time real flying, (not just jumping really high and falling for a long time), is used. Eventually, tired from the battle, and refusing to let Goku win, Tenshinhan floats high into the sky and invokes his most powerful attack. An attack so powerful, even one shot of it can completely drain him of his energy and even kill him, the Kikouhou. After firing the attack, the arena is completely destroyed and supposedly Goku with. But as luck would have it, Goku jumped to avoid it. As Goku can't fly and both of them have used all of their energy, they have but one choice left, to fall!!! Since the arena was destroyed, whomever lands first would be considered out of the ring and disqualified! As any good physicist knows, all objects fall at the same rate, technically they should both hit the ground at the same time, but the "poof" of Goku's failed Kame Hame Ha seems to have delayed him just enough! Victory is in sight! Goku is going to become the Tenkaichi Budoukai winner! But then, as luck would have it, a Matodog Corporation van drives right in front of Goku, deflecting him directly into the ground, milliseconds before Tenshinhan hits! And thus Tenshinhan becomes the champion!

So what's up with the three eyes? Tien's third eye lets him see false images, a popular technique used in early Dragon Ball, it shows false images of one's self by moving very fast. This move is useless on Tenshinhan. Tien's friend and comrade Chiaotzu although not fully explained in many ways, (how he met Tien, what he is, etc.), he is strictly guarded by the loyal Tien. As with most characters, Tien fades into the background during the end of DBZ, but does make a special appearance in the fight against Super Buu. He's the only original human Z Soldier who is seen making an effort to defeat Buu, unfortunately he is extremely weak compared to Buu and is either knocked out or killed by him, it is not made clear, but he does die when Earth blows up. Tien is probably the strongest human character, (not Krillin), as he trains his entire life, and time after time has been far stronger than Krillin. Even when he is last seen in Dragon Ball GT, he is training under a waterfall. He has a rough beginning, but Tien becomes one of the most loyal and respectful characters in the series.

Race: Human

Height: 6' 1"

Weight: 166 lbs.

Best Friend: Chiaotzu

Signature Moves:

Multiform aka. Shikishu no Ken: Tien makes three copies of himself that can attack in fight!

Kikouhou: Tien's most powerful attack. At first he can only do this attack once, but later he learns to do it many times. However, this doesn't make it any easier on his body.

Welcome to the latest installment of DBZ Rulez. In this article you'll have the opportunity to submit your DBZ CCG deck to me via e-mail. If selected, your deck will be featured in this section of the magazine at a later date. When a deck is selected, the original deck, a deck revised by myself, and a step-by-step guide on each card-type replacement will be included. This month, I have chosen a deck by fan named Trunks called "Trunks' Saiyan Comeback". Let's take a look at Trunks' deck.

## Trunks' Saiyan Comeback

By Trunks

*This deck wins best by the Survival Victory.*

## Strategy:

The Saiyan Style Mastery keeps the opponents power rating at bay. Trunks' Strength and Personality Powers are enough to deliver a huge beat down using Physical and Energy. This Saiyan deck has a surprising defense but doesn't concentrate on that particular aspect.

## Revised Trunks' Saiyan Comeback

Here is my revised edition for Trunks' Saiyan Comeback (while still trying to keep a relatively low cost of cards), followed by a card-type replacement guide on why each card was replaced.

*This deck wins best by the Survival Victory.*

## Strategy:

Use the Saiyan Style Mastery to your advantage by keep your opponent's Power Level down, while constantly attacking with strong Physical and Energy attacks. Use Powerful-blocking cards such as Goku's Super Saiyan Blast and Yamcha's Skillful Defense to stop your opponent's attacks.

## Replacements:

At first glance Trunks' Saiyan Comeback is not a bad deck, but it's lacking many essential deck elements. Many of the blocks will block the first attack in a combat, acting as a defense shield, but what you need is a card that can take care of all attacks in any situation. I kept in two defense shield cards for backup, as well as eight double blocking cards, or cards that block both Physical and Energy Attacks.

## Notes:

The original deck featured a Yamcha, the Friend Lv. 1 from the Cell Saga,

which is a decent card, but lacks the essential qualities that others like Vegeta, Piccolo, and Goku have. With strong attacks like Vegeta and Piccolo and a good card-drawing ability with Goku, this deck should be able to win quickly with its Ally power.

## Non-Combat Cards

Many of the cards in this department were good for beginner decks, however did not quite compare to the high quality necessary for a top-notch tournament ready deck. Fortify Your Spirit, Fall 7 Times, Get Up 8 Times, and Piccolo Defense Drill work out nicely, but just don't rank up to others that will easily prevent your opponent from winning. Power Up and Seazu Bean are excellent choices however; Power Up The Most is a Seazu Bean and Saiyan City Destruction in one card. The extra anger-blocking cards will prevent any anger deck from getting by you for a few turns, while you can constantly attack your opponent by drawing cards with Earth Dragon Ball 3.

## Combat Cards

Again, many of these cards have great powers. Plus, there are enough power-up cards and opponent weakening cards in this deck to begin. Trunks Energy Sphere is added as a must for all decks, as many people tend to play with Combat cards that end combat, or disrupt your flow of game play. With this card, and Chiaotzu's Psychic Halt, you can easily win any combat you enter. Android 18's Stare Down is a controversial, yet powerful card that can easily disorder your opponent's plan in a combat.

## Physical Combat Cards

In this category some major work needed to be done as many of the attacks were excellent well thought-out choices, but not as powerful with the release of the Androids and Cell Saga cards expansions. Saiyan Full Spin Kick and Saiyan Arm Throw are left in for now to be a strong defense shield, in the event that you cannot get a double-blocking card out into game play, and even hard hitters like Tien Seeds Ready were replaced for the simple reason that Saiyan Triple Kick is that and more. Many cards were just not strong enough, and did little damage in comparison as to what you could've done. Cards that were added help to perform many + stages of damage, and help to interrupt the flow of game play better.

## Energy Combat Cards

Finding good Saiyan Style Energy Attacks is hard to come by, but lately Score has done a good job of producing more of these cards than any other. Although rules have changed, and now more powerful characters such as Cell can use the Saiyan Style, this set of cards had some work to do. Saiyan Energy Attack as well as some of the other 'not-so-powerful' Energy Attacks was removed because of the latest editions of cards in the Cell and Androids Sagas, like Saiyan Power Blast, and necessary double-blocks like Goku's Super Saiyan Blast and Yamcha's Skillful Defense. Nappa's Energy Aura is a must for all decks that are looking to block any Energy Attack that your opponent may throw at you in a combat.

## Conclusion

Trunks' deck was decent, but it was missing a few key elements in deck building. Remember to add some of those "staple" cards in your deck next time, as they really come in handy. Also, as an added benefit of having your deck featured in this month's issue, I am personally going to send you a random five of the cards that I have added to this deck.

If you would like to have your deck featured in this section, feel free to e-mail me at: roxbury4ever@hotmail.com, or visit my website at: <http://makyo.cjb.net> to submit your deck. ★

# The Yu-Gi-Oh Episode Guide

By Steve Fritz

**A summary of Yu-Gi-Oh episodes and the special cards featured on the TV series.**

**W**hen we last left Yugi, Tea, Tristan and Joey, our heroes just earned their first victory in the Duelist Kingdom, defeating Weevil Underwood. You can expect they'll have a number of other challenges awaiting them...and a few surprises too.

Here's the latest installment of their adventures.

## EPISODE #105: *Unknown*

Interestingly enough, the Kids WB announced that there is no true episode #105. Instead they edited it into episode #104, "The Ultimate Great Moth." Our sources don't know where one episode ends and the other begins, but we think it's somewhere between Pegasus' challenge to all the contestants, and Yugi's match against Underwood.

We will find out what happened and report it some time in the future.

## EPISODE #106: *First Duel*

The episode starts with Maximillian Pegasus sitting in his castle gloating over the proceedings. It appears his master plan is slowly but surely coming together. We have

absolutely no idea what that plan is.

Meanwhile,

Yugi's crew doesn't enjoy his victory over Underwood for long. Joey may be full of bravado about his and his friends' dueling prowess, but under-

neath he realizes that in order to get the money he needs for his sister's surgery, he'll have to defeat Yugi. As we all know, the only way Yugi can free his grandfather from Pegasus' magic is by also winning it all. No matter what, Joey knows one of these two friends is really going to lose big.

That's when the team meets up with Mai. We first met her in episode #103. She's another duelist in that episode who out hustled Rex Raptor for his room. She is always on the hunt for suckers and makes no apologies about it.

To everyone's surprise Mai challenges Joey, instead of Yugi, to a duel. To sweeten the pot, she offers two Star Chips to Joey's one. Mai somehow has figured

out that Joey is a novice to the game and wants to exploit that. Joey accepts anyway. What really gets all of them is Mai appears to have

a way of knowing what card is going to be played before it's revealed. It's up to Joey to figure out how Mai does it, or he'll be thrown out of the Duelist Kingdom along with all the other people who lose all their chips.

#### **Featured Card: Elegant Egotist & Time Wizard**

Elegant Egotist multiplies the number of creatures you have in your field each turn. The drawback is they can't then attack until the next turn. Still, it's a cheap and relatively quick way to increase your army.

Time Wizard probably would have served Underwood well with his Ultimate Great Moth. It "ages" cards, by speeding up the time it takes creatures to mature. This can turn immature creatures, like Joey's Baby Dragon, from a 1200/700 fighter to a 2400/2000 Thousand Dragon in one turn. It also aged Mai's Lady Harpies to the point where they died without ever attacking.

#### **EPISODE #107: Attack From the Deep**

The gang faces a new challenge; they haven't eaten since they arrived on the Kingdom and Joey and Tristan realize they're starving. Joey's nose comes to the rescue when he smells an unattended fish fry by the shore.

It turns out the fish belong to another duelist, the honorable Mako Tsunami. Initially miffed at Joey and Tristan, Tsunami calms down when he is introduced to Yugi. He states he'll let everyone eat if Yugi will honor him with a duel. Yugi, liking something about Mako, accepts.

Yugi then finds out he's in for an even bigger challenge than

Underwood. All Tsunami's creatures are sea types and remain hidden under his field of water until they strike. Yugi's fighting blind. If he can't come up with a counter strategy, he's going to lose.

#### **Featured Card: Giant Soldier of Stone**

This big 1300/2000 hitter can flip his numbers over, going from defense to offense each turn, with his scores reversing accordingly. Nice trick when you need it.

#### **EPISODE #108: Everything's Relative**

The episode starts with a small boy escaping from Pegasus' castle. When informed, this news doesn't bother the creator of Dueling Monsters in the slightest. In fact, it appears to be another piece of his plan falling in place.

Meanwhile, Yugi's crew sees one of Pegasus' minions grabbing another duelist and roughly throwing him off the island. It turns out the duelist lost all his Star Chips and his deck from a thief, not through dueling...and the thief is Pegasus' fugitive!

The escapee is Mokuba, kid brother of Kaiba, the champion Yugi defeated in the first episode. He challenges Yugi to a duel in order to get revenge for the defeat. Yugi makes easy work of Mokuba, so the young boy then steals over half of Yugi's star chips. When Yugi finally shows Mokuba the error of his ways, the young boy reaches over to hand all the chips and cards back. That's when Pegasus' minion smacks the boy's hand, hurling them into the ocean.

Outraged, Yugi challenges the minion to a duel. Imagine everyone's surprise when the minion accepts. Then Yugi is shocked to see the minion brings in a substitute: Kaiba!

#### **Featured Card: Wind Dragon**

A 1400/1200 hitter, this card seems to be a good fighter in any game. Its flame attack also is devastating against all plant creatures.

There's something fishy about this Kaiba. Find out what it is in our next column!

# The Diva's Destiny

**Wrestling fans show big interest in female wrestlers.**

**E**ver since wrestling became a prime time hit, people have considered wrestling to be primarily a man's sport. Well, maybe in the past, but not anymore! The female wrestlers have come a long way. In the 21st century you can expect to see more of them too! The popularity of the female wrestlers a.k.a. "The Divas" can be seen in Fleer's newest WWF card series-The Ultimate Diva Collection.

When demand soared for the Diva's Lip Service inserts from the WWF WrestleMania series, Fleer made sure to include more Diva-related cards in future sets. Their Raw is War series included Femme Fatale inserts and their Famous Nicknames cards included several female wrestlers as well. Fleer's Championship Clash series included the Divas Private Collection, the Diva's Private Signing and the WWF Championship Clash Females. And now, "The Divas" have their own set called The Ultimate Diva Collection. This set boasts an assortment of 100 different base cards, a gold parallel set and seven different insert sets. If you'd like to see samples of these new inserts, flip to our Wrestling Card Gallery page. These cards are filled

with awesome pictures of the top Divas from the WWF. You'll see such names as Trish Stratus, Ivory, Jacqueline, Lita, Molly Holly, Terri and Debra. The inserts that have all Diva fans drooling for are the Signed With A Kiss cards. Only 50 of each Kiss card was produced and every one contains a lipstick print and an autograph of that

particular Diva. Wow! That's as close as you can get to actually meeting one!

So, not to forget about the guys, Fleer also included a 10-card subset called Ring Presence. Inside this subset you'll find favorites such as The Rock, Stone Cold, Triple H, and the Dudley Boyz. However, the Divas are the main attraction in this set!

## Time Warp

Demand for older wrestling cards is still on the rise. With so many different vintage wrestling sets to collect, it becomes hard to pick and choose the better ones.

Here are a few suggestions that might help you on your search. From 1994 to '95, the Action Packed Company released two sets that are loaded with classic images of famous wrestlers. The '94 Action Packed WWF is a 42-card set and features stars such as Bret "The Hit Man" Hart, Macho Man Randy Savage, Andre The Giant, Lex Luger and that wacky guy-Doink The Clown. Individual cards of these wrestlers range from 50 cents to 3 dollars. Complete sets have been spotted in the 20 to 30 dollar range.

Unfortunately, the '95 Action Packed set doesn't include Andre and Macho Man, but it does include three female wrestlers. The ladies included are Alundra Blayze, Luna and Bull Nakano. Some of you may recognize Luna's name. She's the daughter of the notorious Mad Dog Vachon and the niece of the brutal Butcher Vachon. Plus, this set also includes Dink, the pint-sized sidekick and manager of Doink The Clown. This set also contains 42 cards and can be found in the \$12 to \$30 range.

## How To Use & Condition Guide

### What's Listed

Products listed in the Price Guide typically: (1) are produced by licensed major manufacturers, (2) are widely available, (3) have market activity on single cards and (4) focus on players active at the time of issue.

### What the Columns Mean

The LO and HI columns reflect current retail selling ranges. The HI column generally represents full retail selling price. The LO column generally represents the lowest price one could expect to find with extensive shopping.

### What the Arrows Mean

Up arrows denote prices that went up since last issue. Down arrows denote prices that went down since last issue. Arrows don't mean a card or set is "going up" or "going down."

### Multipliers

Parallel sets and lightly traded insert sets are listed with multipliers to provide values of unlisted cards. Multiplier ranges (i.e. 20X to 40X HI) apply only to the HI column. Example: If base card A lists for 20 to 30 cents, and the multiplier is "20X to 40X HI," then the parallel version of card A or the insert card in question is valued at \$10 to \$20.

### Regional Premiums

Since demand varies from region to region, card prices of your local players may be higher in your hometown. This is known as a regional premium.

### Stated Odds and Print Runs

Odds of pulling inserts are listed as a ratio (1-12 = one in 12 packs). If the odds vary by

pack type, they are listed separately. Stated odds are provided by the manufacturer based on the entire print run and should not be viewed as a guarantee by neither Beckett Publications nor the manufacturer.

### Currency

This Price Guide reflects the North American market. All listed prices are in U.S. dollars. Based on the current exchange rate, prices in Canadian dollars are 35% to 50% higher.

### Grades

**Mint (MT)** - No flaws. Four perfect corners, 55/45 or better centering, smooth edges, original color borders and gloss, no print spots, color or focus imperfections.

**Near Mint-Mint (NM/MT)** - Must have 60/40 or better centering, smooth edges, original color borders and gloss. One of the following very minor flaws is allowed: a slight touch of wear on one corner, barely noticeable print spots, color or focus imperfections.

**Near Mint (NM)** - Centering of 70/30 to 60/40. In addition, one of the following minor flaws is allowed: a slight touch of wear on two or three corners, slightly rough edges, minor print spots, color or focus imperfections.

**Excellent-Mint (EX/MT)** - Centering no worse than 80/20. No more than two of the following flaws are allowed: two or three fuzzy corners, slightly rough edges, very minor border discoloration, minor print spots, color or focus imperfections.

**Excellent (EX)** - Centering no worse than 80/20 with four fuzzy corners. May also have rough edges, minor border discoloration and minor print spots, color or focus imperfections.

**Very Good (VG)** - Handled, but not abused. Slightly rounded corners with slight layering, slight notching on edges, moderate border discoloration, some gloss lost from the surface but no scuffing. May have hairline creases.

**Good (G), Fair (F), Poor (P)** - Well-worn or abused. Badly rounded and layered corners, scuffing, no original gloss, major border discoloration and serious creases.
